

# Analytic and algebraic methods in physics XVI

September 10 - 13, 2019, Prague

Czech Technical University in Prague, Trojanova street 339/13

## Scope

This conference aims to bring together scientists working in various areas of applied mathematics, theoretical and mathematical physics, with emphasis on but not limited to modern developments in quantum mechanics. The meeting is traditionally held in Prague since 2007. It has become popular for its informal atmosphere and promotion of young researchers.
